

About Us

Last Updated Friday, 29 May 2009

Prestigious Properties is a Canadian company based in Canmore, Alberta located in the Canadian Rocky Mountains. We focus on purchasing underperforming multi-family apartment buildings in carefully selected North American cities where we can improve properties for the benefit of investors, tenants, and communities at large. Our aim is to improve or change the management, upgrade the interior and exterior of the properties, and to bring our expertise in tenant service and tenant satisfaction to the property. Our goal is to encompass a win/win relationship with our tenants and investors while providing quality accommodations at reasonable rents.

We target acquisitions of "C" class buildings in "B" locations where rent growth can be achieved. Prestigious Properties offers a proven track record, proven results, and proven management experience based on real assets with regular cash flow and equity growth. 300+ investors have invested over \$25,000,000 so far with asset values exceeding \$80,000,000.
